MAGIC HOME technologies improves fabrics with advanced properties: **easy cleaning with water, limited absorption of fluids, high resistance to mechanical damage, such as snags**. Thanks to Magic Home Technologies, fabrics are able to overcome the challenges of everyday life, giving users maximum comfort and safety on a daily basis.

WATER REPELLENT
A technology of covering the fabric with a special hydrophobic coating that effectively hinders the absorption of spilled liquids, leaving drops on the surface of the material.

EASY WATER CLEANING
At the production stage, fibres are coated with special molecules that protect the fabric from dirt. Thanks to this, all stains are quickly and efficiently cleaned.
